## **DUE TO THE ACTIVE DEVELOPMENT OF THE AQUA- AND MARICULTURE IN RUSSIA, IN 2021 THE NEW SPECIALIZED SECTION WILL BE PRESENTED AT SEAFOOD EXPO RUSSIA**

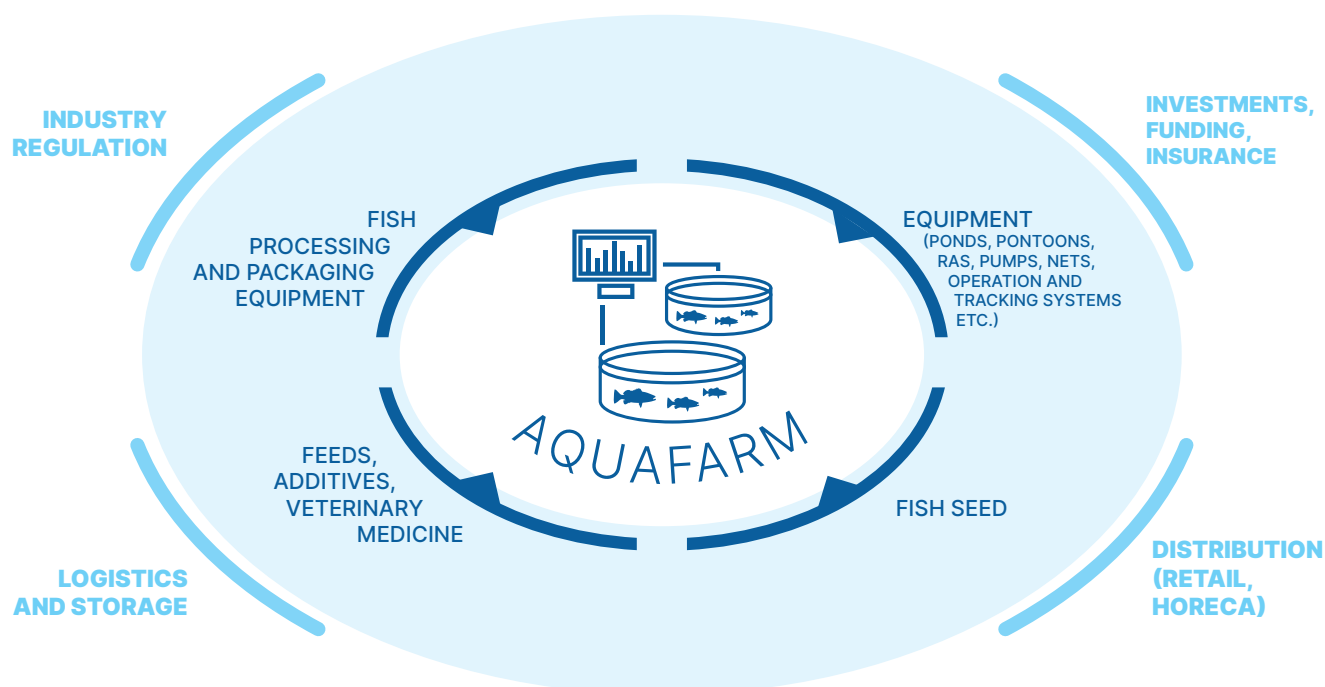

It will unite fish farmers, companies supplying aquaculture farms, equipment producers and providers, netmaking enterprises, feed, additives and veterinary medicine producers etc.

Aqua- and mariculture issues will be also highlighted in business program.

### PAVILIONS G AND H GENERAL PLAN

# THE MAIN AIM OF SEAFOOD EXPO RUSSIA 2021 – TO GATHER ALL THE EXISTING PARTS OF PRODUCTION AND SUPPLY CHAIN IN ONE PLACE

## BUSINESS PROGRAM CONCEPT

### INTERNATIONAL CONFERENCE «AQUA- AND MARICULTURE AS DRIVER OF FISHERY INDUSTRY DEVELOPMENT: RUSSIAN EXPERIENCE AND WORLD PRACTICE»

Key experts and government authorities will discuss current state and perspectives of aqua- and mariculture in Russia. Speakers from China, Norway, Japan, Denmark and other foreign countries will share their experience about developing of the industry, measures of state support and working practices under the pandemic circumstances.

### OPEN PRESENTATION ZONE

After the conference participants will have an opportunity to discuss practical issues in open presentation zone. Topics would be dedicated to the solution of fishery problems, presentation of new technological products, discussion of pros and cons of feeds and successful cases of particular fish farms.

Please mind, name and concept of the conference are preliminary

## EXHIBITING IN SEAFOOD EXPO RUSSIA IS YOUR OPPORTUNITY TO:

- Find new distribution channels
- Present production, equipment and services to the huge audience
- Get useful information for further development of your business
- Discuss topical issues and exchange experience
- Learn all-new products and innovational solutions in aquaculture
